

REQUEST FOR PROPOSALS

Proposals are hereby requested from qualified and experienced service providers to submit proposals of Dye Training for the production of range baskets product. The baskets are made from “ukhasi” grass.

KwaSani Local Municipality in partnership with Department of Economic Development, Tourism and Environmental Affairs (EDTEA) initiated a rural based craft production and design project to empower Women, Youth and the Disabled. The project focused on designing products, for the upmarket interior designer and hospitality industry, using natural resources such as grass and clay. The project is now at a stage where it needs to add differentiation and style to the products made with grass
