

Warm greetings to Kwa Sani Citizens, this is another week granted to us by the almighty above,

One must mention that it has been a productive week for public service, where we saw all government and civil society stakeholders coming together to assist communities of Kwa Sani. The objective was to honour the wishes of Madiba and also to do our part as the community of Kwa Sani to bring about change into the lives of our people.

I wish to extend my sincere gratitude on behalf of the municipality to all stakeholders who took part on the service week, to all members of the community who gave their time to assist during the clean-up day on Friday the 18, as the municipality we would like to make everyday a Mandela day.

We would like to thank the Vukuzithathe NPO as they were launching the soup kitchen for the community of Kwa Sani on the 18, indeed we are moving South Africa forward, the work that is being done by the non-profit organisations does not go unnoticed, their contribution is recognised by the municipality and we say thank you.

The objectives of Kwa Sani municipality are to:

To provide democratic and accountable government for local communities, to provide services that are sustainable, it is to promote social and economic development, it is to promote a safe and healthy environment and lastly it is to encourage the involvement of communities and community organisations in the matters of local government.

Kwa Sani residents devoted their 67 minutes of their time; one minute for every year of Mr. Mandela's public service to make a small gesture of solidarity with humanity and a step towards a global movement for good course. Let us all continue to do good in honour of the great statesman to ever live.

Thank you
